Avanade Performance Analytics™

# Drive success

### Make faster and better decisions

Stay ahead of the competition as you plan, forecast, monitor and analyze your business performance with increased effectiveness. Drive success with actionable information, easy-to-use tools and consistent processes.

### Align your operational procedures with your strategy

- Define a strategy, model the key drivers for success and share valuable insights to efficiently execute plans across your organization.
- Adopt a comprehensive, unified approach to replace existing disjointed point solutions and to address compliance or regulatory requirements.
- Boost consistency and efficiency with Avanade Planning Framework™, a cost-effective and scalable platform that supports precision planning and budgeting processes.
- Accelerate implementation with end-to-end industry-specific performance management solutions for banking, healthcare and telecommunications.

**Gain insights and increase effectiveness**

Get a comprehensive, integrated view of your enterprise with Avanade Performance Analytics. Our metrics-driven business intelligence solution applies a unique approach that addresses the complete range of management, compliance and regulatory requirements. As a result, your people get competitive insight and actionable information when they need it, in the format they need it, to achieve the best results.

**Partner with a leader to drive innovation**

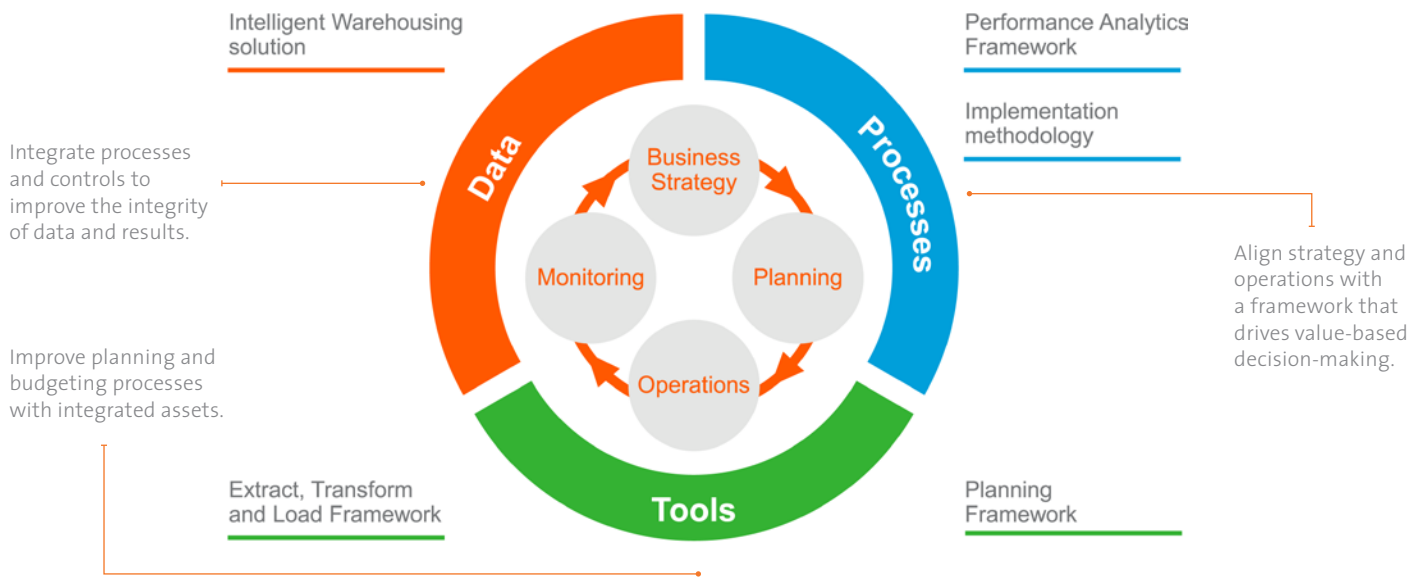

Avanade is a leading global provider of enterprise performance management solutions based on the Microsoft® platform. As your strategic consulting partner, we offer a complete end-to-end solution featuring proven assets and methodologies, implemented by a global network of delivery and industry experts on demand. And our close connections to Accenture and Microsoft enhance our services, so we can give you a clear competitive edge.

**Rely on our expertise to speed your success**

Our consistent approach helped France's Defense Ministry meet new regulatory requirements by optimizing HR processes. Capitalize on Avanade's industry-specific templates and success working with global customers, including:

- A Swiss bank that improved customer service with a more modern data warehouse solution.
- An Australian pharmaceutical provider that boosted customer loyalty with better sales reporting.
- A large U.S. telecom service provider that consolidated legacy systems through a Web-based interface to improve project tracking, reporting and regulatory compliance.

**Performance Analytics is an end-to-end solution**

Avanade combines industry expertise with a comprehensive solution, built on the Microsoft enterprise platform, to help reduce time and productivity costs.
